

Proposal: Cloud ERP Implementation & WMS Integration

Submitted to: Nexus Global Logistics

RFP Reference Number: NGL-2026-ERP-04

Submission Date: May 20, 2026

Prepared by: Acme Solutions

1. Company Overview

- **Company Name:** Acme Solutions
- **Headquarters:** 123 ABC Lane, St. Louis, MO 63105
- **Years in Business:** Founded in 2014 (11+ years of continuous operation)
- **Experience:** 400+ successful implementations across 18 countries.

Primary Point of Contact

James O'Brien — VP of Sales & Partnerships

- **Email:** [PLACEHOLDER]
- **Phone:** [PLACEHOLDER]

James manages Acme Solutions' strategic alliances with AWS, Microsoft, and Salesforce and will serve as the primary contact for all proposal-related communications.

2. Technical Specialties & Certifications

Acme Solutions maintains a robust portfolio of technical specialties and industry-recognized certifications.

Corporate Certifications & Compliance

Certification / Attestation	Status
SOC 2 Type II	Certified (annual audit)
ISO 27001	Certified

Certification / Attestation	Status
AWS Advanced Consulting Partner	Active
Microsoft Solutions Partner (Data & AI)	Active

Technical Specialties

- **Cloud-Native Architecture:** Expertise in AWS, Azure, and GCP.
- **Enterprise Integration:** Pre-built connectors for SAP S/4HANA, Oracle NetSuite, and Workday. Protocol support for REST, GraphQL, gRPC, SOAP, and EDI.
- **Middleware & Messaging:** Apache Kafka, AWS SQS/SNS, and RabbitMQ for resilient data synchronization.
- **Security:** OAuth 2.0/OIDC, SAML 2.0, API key management, and mTLS for secure bidirectional API communication.

3. Project Management Methodology

We employ a **Hybrid Agile methodology**, combining Waterfall's governance rigor for milestone planning with Agile's adaptability for development.

Governance Structure

Forum	Cadence	Purpose
Executive Steering Committee	Bi-weekly	Strategic alignment, budget, and escalation resolution.
Project Management Office (PMO)	Weekly	Schedule tracking and risk/issue management.
Change Control Board (CCB)	As-needed	Scope change evaluation and impact analysis.
Sprint Review	Bi-weekly	Demonstration of deliverables and feedback collection.

4. Risk Mitigation & Business Continuity

The bidirectional API integration with **Manhattan Active WMS** is recognized as the highest-risk phase. Our strategy ensures zero unplanned downtime.

Continuity Strategy

- 1. **Parallel-Run Architecture:** Mirroring data to the new ERP while the legacy system remains the system of record.
- 2. **Phased API Activation:** Incremental rollout (Read-only → Non-critical write-back → Full bidirectional).
- 3. **Resilience Patterns:** Circuit-breaker patterns and durable message queues (Kafka) to prevent data loss.
- 4. **War Room Support:** 15-minute P1 response SLA during critical cutover windows.

5. Quality Assurance & UAT Framework

Testing Pyramid

Test Layer	Coverage Target	Responsible Party
Unit Testing	≥ 80% line coverage	Acme Development Team
Integration Testing	All API endpoints	Acme QA Engineers
Security Testing	OWASP Top 10	Acme Security Team
UAT	Business Scenarios	Nexus Business Users

6. Proposed Project Timeline

Total Duration: 11–12 Months (July 2026 – June 2027)

- **Phase 1: Discovery & Assessment (4 Weeks):** Requirements workshops, RTM, and Risk Register creation.
- **Phase 2: Design & Planning (3 Weeks):** Integration design (API contracts) and Master Project Plan sign-off.
- **Phase 3: Implementation (24 Weeks):** 12 Agile Sprints covering ERP configuration, WMS API development, and data migration.

- **Phase 4: Testing & UAT (8 Weeks):** Performance, security, and user acceptance testing.
- **Phase 5: Cutover & Go-Live (2 Weeks):** Delta migrations and production execution (Target Date: **May 12, 2027**).
- **Phase 6: Hypercare & Transition (4 Weeks):** Elevated support and transition to Managed Services.

7. Professional Services Costs

Acme Solutions proposes a **Time & Materials engagement with a Not-to-Exceed (NTE) cap**.

Standard Rate Card

Role	Hourly Rate (USD)
Principal Consultant / Architect	\$225/hr
Senior Engineer	\$175/hr
Project Manager	\$145/hr
QA / Test Engineer	\$115/hr

Estimated Total Budget: [PLACEHOLDER: Provide total estimated hours and NTE cap].

8. Ongoing Maintenance & Support

Following Hypercare, Nexus may transition to our **Managed Services program**.

SLA Targets

Priority	Response Time	Resolution Target
P1 — Critical	15 minutes	4 hours
P2 — High	1 hour	8 business hours
Uptime Target	99.95%	API Gateway & Integration Layer

9. Client References

[PLACEHOLDER: Provide at least three references from logistics/supply chain companies of similar size].

10. Authorized Signatory

By signing below, Acme Solutions confirms the validity of this proposal for 90 days.
